

## Joint project/ joint workshop/ visit 2019 Results

Iranian Leader	University/Institute	Project Title	Area of cooperation
Farhang Abbasi	Sahand University of Technology	Nanoprobes for Tracking Vaccine Release Kinetics in vivo	Nano
Mohammad-Reza Abolghasemi-Dehaqani	Cognitive neuroscience / Institute for Research in Fundamental Sciences (IPM)	Investigating the representation of partially occluded objects in macaque IT and PFC cortex	Cognitive Sciences
Mohammad Ebrahim Foulaadvand	Zanjan University / Associate professor in Physics	Design, construction, and installation of two solar furnaces in China and Iran	Renewable Energies
Reza Gholamipour	Iranian research organization for science and technology	Dynamics and physical properties of rejuvenated bulk metallic glasses	Advanced Material
Amir Hossein Hamidian	University of Tehran	Occurrence, Fate, and Impact of Microplastics in natural wetland systems	Water Sciences
Mohammad Hossein Majles Ara	Kharazmi University	Cancer Treatment Based on MagnetoPlasmonic Nanoparticles and Patients Derived Cancer Organoids	Medical Engineering
Iranian Leader	University/Institute	Workshop Title	Area of cooperation
Mohammad Reza Naghavi	University of Tehran	Novel Nano-composites for Purification of Pharmaceutically Bioactive Natural Compounds	Nano
Abbas Haghparast	Shahid Beheshti University of Medical Sciences	Addiction science: From Basic to Translational Research	Cognitive Science
